The screenshot shows the xtb History window. At the top, there are navigation buttons: Market, Chart, Trade, History (selected), and Login. Below the navigation is a dropdown menu set to 'All'. The main area contains a table of trade history with columns for Operation, Profit, Open price, and Close price. At the bottom, there is a summary of Profit/Loss, Total, and Deposit, along with a signal strength icon.

Operation	Profit	Open price	Close price
Deposit	200000.0		
Sell 0.1 EURUSD	395.23	1.3641	1.361
Sell 0.1 EURUSD	-12912.9	1.3627	1.438
Buy 0.3 EURUSD	-321.37	1.3674	1.366
Sell 2.1 EURUSD	-753.65	1.3677	1.367

Profit/Loss: -201 178.63  
Total: 198 821.37  
Deposit: 400 000.0

In History window you may see all your closed trades during the chosen period. After clicking on particular position, you may see more details. After clicking on the header cell you are free to modify columns according to your needs.

To see the alert window, open the menu and click on alerts. The Alerts window provides you with possibility to modify alerts. To create new alert click on the New Alert button.
